

# DIRECTOR INFECTION PREVENTION AND CONTROL

## // EXPLORE THIS FULL-TIME FLEXIBLE LOCATION OPPORTUNITY

Are you looking for a new and rewarding senior leadership challenge in health care? We have an exciting opportunity for a Director, Infection Prevention and Control. *The location for this role is flexible within the Interior Health region of British Columbia.*

This key role works in collaboration with the Medical Director, IPAC, in the development, implementation, and ongoing evaluation of an integrated IPAC program for Interior Health. The director provides administrative direction and oversight for the program, and works collaboratively with internal partners across all Interior Health services, as well as with external regulatory, academic, research bodies, and external IPAC practitioners to advance the effectiveness of the program and promote a culture of patient safety.

**Relocation allowance** will be available to help ease the transition to the region.

**Salary Range:** \$124,561 to \$179,056

## // WHY INTERIOR HEALTH?

As one of five regional publicly funded health authorities in the province, we strive to live out our vision, *health and well-being for all*.

Everybody plays a role in the care continuum. We place an emphasis on diversity, inclusion, and equal opportunities. We strive to create an environment where you enjoy the work you do, your place of work, and the people around you. Discover why so many people have chosen to live, work, and play in the **southern interior of beautiful British Columbia**.
