

September 9 2021

Dear IPAC Canada Members,

As we head into the final weeks of the federal election, we want to share some key reminders and information with you on how you can get involved in these final few weeks of the campaign.

A Stronger and Prepared Canada - IPAC Canada Election Webinar

First, Infection Prevention and Control Canada is pleased to be hosting an exciting election webinar on critical health issues for IPAC Canada members during the 2021 federal election.

This panel will discuss how IPAC Canada's election priorities and other emerging health care related issues are being discussed during the federal election campaign and how each party's platform commitments relate to these key priorities.

The webinar is on **Wednesday, September 15 from 1:00 to 2:00 PM EDT.**

Platform Analyses

As each of the major parties have released their full platforms, IPAC Canada has undertaken an analysis of each and pulled out the commitments relevant to infection prevention and control. These analyses are now available for members to view on our election site StrongerAndPrepared.ca

As the Green Party platform was just released recently, we are currently in the process of analysing that platform and will add an analysis to the site immediately once complete.

Debate Summaries and Analysis

The English Leaders Debate is also occurring tonight from 9:00 to 11:0 PM EDT. The topics for the **English debate** include affordability, climate, COVID-19 recovery, leadership and accountability, and reconciliation with Indigenous Peoples.

IPAC Canada will also be posting summaries and analyses of the two debates that have occurred so far – the TVA French debate last week and the French Leaders Debates last night for members to review on StrongerAndPrepared.ca. Following tonight's English debate, we will also share a summary and analysis on the site.

We encourage all members to use the site StrongerAndPrepared.ca as a one stop shop for all relevant platform information and **send a letter to their local candidates in support of IPAC Canada's election priorities today!**

Election Day is coming quickly on September 20 so make sure to read up on the issues and write to your local candidates by visiting StrongerAndPrepared.ca! You can also find out more about how you can cast your ballot by mail, at advance polls or on election day by visiting Elections Canada's website at elections.ca.
