

**IPAC CANADA is pleased to announce its
2020 NATIONAL EDUCATION CONFERENCE
KEYNOTE SPEAKER**

DR. DAVE WILLIAMS

Record-breaking Astronaut, Aquanaut & Leadership Expert

A true Canadian hero, astronaut Dr. Dave Williams is down-to-earth with a compelling and unique approach to environmental stewardship, leadership, and our futures. A former healthcare CEO, he's received praise for his leadership in developing a culture where innovation, implementation of best practices, fiscal responsibility and patient-centered care is engrained in the fabric of the organizations he's worked with.

Defying Limits: Lessons from the Edge of the Universe

In this presentation based off his book of the same name, Dave shares the events that have defined his life. He shows us that whether we're gravity-defying astronauts or earth-bound terrestrials, we can all live an infinite, fulfilled life by relishing the value and importance of each moment. The greatest fear that we all face is not the fear of dying, but the fear of never having lived. Each of us is greater than we believe. Together, we can exceed our limits to soar farther and higher than we ever imagined.
