TERRITORIAL MANAGER INFECTION PREVENTION AND CONTROL OPPORTUNITY

Are you a trailblazer in your field? Are you looking to take on your next role in Infection Prevention and Control? Adventure is waiting for you in the Northwest Territories. Answer the call and apply today for the Territorial Manager of Infection Prevention and Control in Yellowknife today! Apply today!

Why the Northwest Territories?

Located above the 60th parallel, the Northwest Territories awaits with seemingly endless lakes and unmatched vistas. The opportunities available in our communities are perfect for the outdoors enthusiast looking for adventure, a healthy work/life balance, and an escape from the hustle of the big city.

Home to the Capital City of the Northwest Territories, Yellowknife is a captivating mix of city life and untamed wilderness. Fully stocked with the essential businesses and surprising amount of services for a population of 22,000, Yellowknife also embraces its quirky northern roots with colourful houseboats, world famous fish shacks and houses springing up from the rocks. From the endless glow of the midnight sun in the summer, to the nightly aurora shows in the winter, Yellowknife is waiting to amaze you!

About the Work

Reporting to the Director, Quality, Risk and Client Experience (DQRCE), the Territorial Manager (Manager), Infection Prevention and Control (IPAC) is located in Yellowknife and is responsible for leading the planning, development, implementation, maintenance, and evaluation of the NTHSSA IPAC program and the Medical Devices Reprocessing (MDR) program, including risk identification, prevention, mitigation and in-depth investigation into all patient safety incidents, critical incidents and unusual occurrences where infectious diseases or infectious processes are involved. The Manager is also responsible for ensuring the organizational compliance with the IPAC Accreditation Standards.

Typically these positions require the completion of a Bachelor’s Degree in Nursing and a minimum of seven (7) years work-related experience in a health or social services environment, including a minimum or two (2) years’ experience as an infection prevention and control practitioner and two (2) years’ experience leading a team.

What are the Benefits?

In addition to highly competitive salaries, the Northwest Territories offers a Northern Living Allowance ($3,700 for Yellowknife), health and dental benefits, a generous pension plan, and outstanding leave benefits including deferred leave options. On top of that, we offer relocation assistance, along with professional development opportunities and education support.
