

BRING IN A NEW MEMBER CONTEST!

Membership has its benefits – education, collaboration and representation. The IPAC Canada website (www.ipac-canada.org) has so much information on the benefits of being a member. The annual Member and Source Guide, a subscription to *The Canadian Journal of Infection Control*, *Industry Innovations* magazine, links to Infection Control sites, audit tools and an audit tool app...the list is extensive. Tell another Infection Prevention and Control Professional (ICP), tell an infection control or ID physician, tell your Medical Laboratory Technologist, tell Environmental Services, tell EMS, tell your designate, and tell your director about the benefits of joining our national organization!

If that person joins IPAC Canada by **March 15, 2023**, both you and the new IPAC Canada member will be eligible to win complimentary membership in 2023! You are eligible for the draw with every new IPAC Canada member that you get to sign up. Should the winning members have already paid their 2023 membership fees when the winners are announced, a refund will be made to the person or the institution which paid the fee.

Simply fill in the entry form below and send it to the Membership Services Office. An announcement of the winners of this offer will be made by March 30, 2023. Membership applications can be found at <https://ipac-canada.org/join-ipac-canada.php>
